Hi Gail,

I've attached a short agenda/briefing, as well as EPA's Coyote Creek response to ND and two relevant email threads regarding Dakota Yeast. Let me know if this is adequate, or if you'd like a more thorough summary of the issues. I can't seem to access the list of people invited to the call tomorrow, but I think Sara and Matt should be on at least.

Thanks,

Patrick

Morning Patrick – I think we should proceed with the call tomorrow. Please put together a short agenda that I can attach to the invite today along with any other materials you think we need. We should include the Dakota Yeast issue also since

Ex. 5 Deliberative Process (DP)

Please draft a brief summary of this new issue and perhaps a link to the documents that I can also include in the invite for tomorrow.

Thanks,
Gail
